

Streamline Baffles

A little retro, a little modern,
the Streamline Baffle adds a
little charm no matter where
you hang it. Who says acoustic
solutions can't look good?

How to Specify

Step by step instructions
on how to specify
Streamline Baffles.

01
Choose baffle size.
(pg 03)

02
Choose baffle
configuration.
(pg 04)

03
Choose colour.
(pg 05)

04
Choose installation
method.
(pg 06-07)

Dimensions

Standard Dimensions (mm)

- A 2745 L (max.) x 229 H
- B 2745 L (max.) x 458 H
- C 1220 L (max.) x 900 H

Standard Thickness (mm)

80

Installation Option 01

Baffle Cloud Suspension Kit

Baffles are attached to channels and suspended in an array.

- Reduces the number of hanging points on the ceiling
- Hanging points can be moved along the channels

Installation Option 02

Individual Baffle Suspension Kit

Each baffle is suspended by its own set of aircraft wires.

Product Specifications

Streamline Baffles

Composition

100% polyester fibre

Health & Safety

- Fire-rated
 - ASTM E84 Class A
 - CAN/ULC-S102.2-10 compliant
- Low VOCs
 - CDPH v1.2 compliant
- Mould & mildew resistant
 - ASTM C1338 compliant

Colour & Texture Variations

The felting and dyeing process that forms the material contributes to its unique texture but also to variations in texture and colour from panel to panel. Products will be provided within an acceptable range of variation.

Sustainability

- 100% recyclable
- Made with 60% post consumer recycled content
- Declare Red List free
- Contributes to LEED certification
- Environmental Product Declaration

Sound Absorption Graph

The following values reflect the acoustic properties of the product as tested in accordance with ASTM C423-09a.

200	250	315	400	500	630	800	1000	1250	1600	2000	2500	NRC	SAA
0.30	0.45	0.63	0.70	0.79	0.88	1.02	1.20	1.35	1.49	1.59	1.60	1.00	1.00

Product Care

Handling & Storage

Handle products with care so as to avoid folding the polyester felt, chipping its edges, or indenting its faces. Store products in their original containers in a well-ventilated area until the intended application environment is ready for installation. Allow products to acclimatize to environmental conditions. Lay them flat on their faces; do not stand them on their edges. Protect from moisture, heat, direct sunlight, and the elements.

Warranty

AKUSTUS warrants the construction and finish of all our products to be free from defects in material and workmanship for a period of 1 year from the date of purchase.

Maintenance

Lightly brush or gently vacuum to remove dust from polyester felt. Clean with warm water and mild, non-toxic soap to remove spills. Test solution on an inconspicuous spot before applying to more visible areas. Blot with a dry cloth after applying the solution to avoid saturating the material. Avoid applying too much pressure when cleaning the products.
